Toonpool.com Exhibition in Izmir

Great news, everyone: toonpool.com proudly presents **A Smile Goes 'Round the World / Bir Gülümseme Dünyayı Dolandırıyor**, an exhibition of cartoons by toonpool.com artists from all over the world. The exhibition will take place in Izmir Turkey between October 15 and 29, 2010 (scroll down for more detailed information). This is an interview with charming **Menekşe Çam** who made all of this possible

Menekşe, it's so exciting that there will be a toonpool.com exhibition in Izmir. Can you tell me how this came into being

In fact, my husband first brought up the idea of a joint exhibition when we visited Berlin in late January. I mentioned the idea in the interview I gave back then and got very positive responses. I really want to thank Bernd Pohlenz for trusting me with the organization of the first toonpool.com exhibition in the "real world"

Of course I also have to thank all the artists who agreed to join the exhibition and sent in their cartoons. Finally, there is the people at the BKM (Buca Municipality Cultural Center) who agreed to host the exhibition and gave us all the things we needed. Organizing this took a lot of time - more than three months. And it took a lot of hard work

So, what is the general idea of the exhibition

First of all, it's a wonderful cultural event that puts the works from a great cartoon community on display for the first time. Second, the exhibition shows that this community can act together when necessary. There is no profit in this event apart from spiritual pleasure

and artistic prestige. Still, I hope that we can repeat this exhibition in other countries - after all, our slogan is "Toonpool.com - A Smile Goes 'Round the World"

Buca Municipality Cultural Center

How many artists will be on display in Izmir

It was really hard to choose between more than 80,000 artworks by almost 2,000 artists from 160 nations. In the end we had to settle for 58 cartoons by 58 artists from almost as many different countries. Among the artists on display are Matteo Bertelli from

Italy. Pawel Kuczynski from Poland. An Yong Chen from China
Ernst Mattiello from Switzerland, and Xavier Salvador from Spain

What kind of cartoons did you choose for the exhibition

Mostly they were chosen from among the most popular cartoons on toonpool.com - the ones with the greatest number of votes and comments. Some of them are political, some funny, and some thought-provoking. There will be a catalogue, too

An Earlier Exhibition at BKM

Will some of the artists be present at the opening ceremony

Yes, Buca Municipality will host ten artists in a hotel on the seaside, for two nights and three days. This includes accommodation - breakfast, and dinner. There are still some free spots.. artists who sent in their work and would like to spend a weekend vacation in Izmir should just contact me

Thanks for your time, I am really looking forward to seeing the photos taken at the grand opening
